

May 20, 2024

Effective June 3, 2024, Northwestern Ohio Community Action Commission (NOCAC) will move to a four-day work week.

Offices, sites, and centers will be closed every Friday.

The PATH Center Homeless Shelter and Community Kitchen will remain open M-F. All Summer Food Service Program sites will also operate M-F.

Despite this change in operating hours, our commitment to providing essential services that address poverty and support those in need remains a priority. Our dedicated team will continue to work diligently from Monday to Thursday to ensure that our community receives the support and assistance it deserves.

We believe that this shift will improve the well-being and work-life balance of our staff and enhance our efficiency and effectiveness in delivering services to our valued community members.

Thank you for your support and understanding as we transition to this new schedule. Feel free to contact me if you have questions or concerns.

My Best,

Northwestern Ohio Community
Action Commission
